

We all want good quality care

Age UK Lewisham and Southwark are undertaking a telephone survey of care home residents, their families and friends, to hear about their experience of care. The findings will be fed back to Southwark Council and local care homes to see where and how improvements can be made as they develop a local quality charter mark for good quality care in local care homes.

This survey will close on Wednesday **20 January 2021.**

If you have a few minutes to take part in a short, confidential telephone survey please contact:
